Proclaiming Truth, Providing Help

REVIVAL STIRRINGS IN VENEZUELA

Dear Friends,

We have just returned from Venezuela where the we witnessed the Spirit of God being poured out and working deeply within the believers.

The hunger for God in the churches invited the activity of heaven. The river of God gushed upon us and the churches were greatly refreshed in the Spirit. **Approximately 40 received the baptism in the Holy Spirit in the meetings.** Some received such a touch of the Spirit's power that they fell to the floor shaking and weeping, having visions and encounters with Jesus!

The main purpose of this mission was to bring a Wellsprings Ministry Seminar to the Church leadership in Valencia. This ministry deals with the spiritual roots of sickness and disease. The seminar guides believers in repentance from bitterness, unforgiveness, self bitterness and fear. This shuts the door to darkness and brings the believer into the provision of Gods deliverance and healing.

Lifeline International provided the seminar materials that Wellsprings Ministry sold to us at cost and Pastor Gilbert Posey of Christian Renewal Church Hilton Head, SC brought forth the teaching.

Here is Gilbert's report:

God's power brought healing for asthma, cysts, tumors, joint problems, eye problems and addictions.

*After teaching on bitterness, unforgiveness, rejection, fear and the occult, we led everyone in prayer. We were overwhelmed with the response of repentance. **There was great release accompanied by many tears as the Holy Spirit cleansed hearts.** We expect many testimonies will be forthcoming on the work that took place among us. Here are a few*

Seminar materials supplied by the supporters of Lifeline International - thank you!

One woman came from a family that was deeply involved in the occult. Her father who was a witchdoctor would force her to participate in sacrifices to demons. Because of this, **she had suffered the torment of demons nightly since childhood.** During the seminar she repented from bitterness toward her parents and was immediately delivered and freed from the torment.

Another woman, whose parents were counseled to abort her, had suffered physical infirmities all her life. Tumors on her ovaries had created health problems making her womb ineffective. **After leading her in forgiveness of her parents, the pain ceased and the tumors disappeared and her body began to function normally by the next morning!**

Personally

Being an ongoing part of shaping the lives of leaders is very rewarding. In many cities like Valencia, Venezuela I have been working with the same leaders for many years and have become a part of their spiritual lives.

I have prayed with many them to receive the Holy Spirit, called them to the altar to repent and fully surrender their lives to God. I have prophesied over their ministries, prayed for their needs and ministered healing to them. We have supplied them with study bibles, literature and computer bible tools.

Consequently I am well received and showered with their affection when I return. Because to them, I represent one of the hands of God's provision in their life.

BUT I KNOW BETTER. I know it takes a team to impact lives like this. **I am ever conscience that I am your hands and hearts extended as your missionary to the nations.** We simply could not have these results without you behind us.

So I pass on to you all the many hugs and kisses I received this month in South America.

You're the best!

Brother Bill
