MIRACLE REPORT

MAY 2011

“And these signs shall follow those who believe...”

Miracles! In every nation we have witnessed the power that accompanies the message of the Kingdom of God. Signs and wonders are proof to the resurrection of Jesus and the coming Kingdom. Reviewing the testimonies of God’s miracles inspires our faith. King David said, *“I will remember the deeds of the LORD; yes, I will remember your miracles of long ago.”* Ps77:11 Israel’s error was that, *“They did not remember His power.”* Here are a few miracles that have inspired me recently.

In one Mexican village as I stood to speak, I felt the mantle of God’s authority fall upon me. I began to address evil powers over the town and declare the coming of God’s kingdom. **Within 15 minutes the ministry area was jammed with Mexicans weeping and wailing in repentance!** The rest of the evening was filled with God’s miracles backing up the preached Word. In that meeting, we laid hands on a 14 year old girl who went down under the power of God. The Holy Spirit said that she was being given a gift to perform miracles. **When she rose up, we placed her hand upon a woman with a diseased kidney, and the woman was instantly healed!**

In another village, unsaved townsfolk saw heavenly lights streaming down from above our tent as we preached and prayed for the sick.

In Ecuador, we witnessed the power of God heal every type of affliction during our crusades. **He opened the ears of a 12 year old boy, a mute boy’s tongue was loosed, tumors disappeared and we even watched a serious wound from a dog bite mend as we prayed!**

A young man came to receive physical healing. As we prayed demons threw him to the floor crying out and shaking him violently. **In just a few moments he was free and testified about seeing a very bright light that drove out the evil spirits.**

One woman whose ribs were broken in an auto accident felt the power of God instantly repair the broken bones.

An auto accident left a woman in constant pain for 21 years. Jesus touched her legs, neck, hips and shoulders and she began to shout! **She began marching across the platform showing everyone that the pain was gone and her body completely healed!**

A young boy’s crippled legs were curved at the knees and hindered him from walking normally. **After prayer he also walked around the platform with straightened legs.**

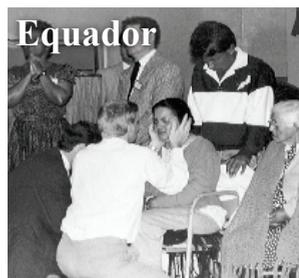

Many had their eyesight restored and proved to all that they could read words on signs in the auditorium

The last night of a Quito crusade the miracles continued until midnight. **I was unaware that as I preached an insane boy in the balcony was banging his head on the wall in convulsions.** His mother had been involved in Satanism and made covenants with demons over the child. After prayer by the counselors his sanity was fully restored.

The best miracles of all happened each night after the message with hundreds coming forward to receive Christ.

Outpouring in Austria

Many times we have stood and watched as God has taken over meetings and had His way with the crowd. In moments like these, we are more amazed than anyone at what transpires.

In Romania as I was addressing the Christ For The Nations bible school, the Spirit of the Lord came suddenly and rested upon the students.

Weeping broke out across the auditorium as God began to deal with the students. The weeping spread and increased in volume. **Some were sobbing so profusely that I was concerned for them and the order of the meeting.** I turned to the school faculty for help but saw that they were also being deeply affected by the same presence. I then yelled into the ear of the interpreter for an explanation of why some of the students were nearly out of control. The interpreter replied, **“Oh no, these who are weeping are not students, these are lost people who have come into the meeting!”**

We could only stand amazed. Without even hearing a proper presentation of the Gospel, these young people were meeting their Maker and learning that He was the Savior! Like Saul on the road to Damascus, they were being confronted by the Lord Himself! **Glory be to the sovereign Lord!**

(If space allows, I hope to include more of these testimonies in future newsletters. I hope they have lifted your faith!)

Dear Friends,

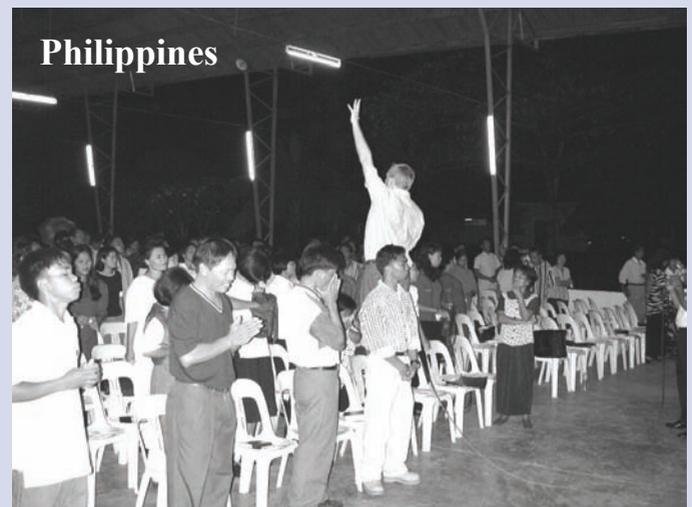

Due to circumstances beyond our control the intended China trip for April has been pushed forward to June. At that time we will be visiting new areas; meeting with networks of church workers.

***It is our routine to visit the same cities to continue building upon our previous work but we also love the adventure of traveling to a new area.** We will meet new networks of pastors and lead them into a greater spiritual experience. We encounter new travel, lodging and security situations but we also see a higher level of God's grace at work. Trips like this are full of surprises and miracles. We covet your prayer as we advance with the good news of the Kingdom hopefully accompanied with the power of the age to come.*

***Thank you for your continued support for our work.** We love what we do and we know the Father loves the fruit! We trust that rewards will be added to your account.*

For those who have never heard,

Brother Bill
